INTRODUCTION AND ACKNOWLEDGMENTS

The second annual edition of the Santa Fe Community College **FACTBOOK** has been expanded to more fully reflect the diversity of our institution.

An institutional **FACTBOOK** serves many purposes. The primary purpose is to inform the reader about the general operation of the institution. A secondary purpose is to inform the reader of data which is helpful for decision-making. The latter purpose requires that the data be displayed over a period of time. Understanding a possible trend is sometimes more important than observing a year of data.

The Office of Institutional Research is constantly striving to make each its publications useful to you. Therefore, we would seriously appreciate your suggestions concerning possible additions, deletions or changes to this document. Please note that the detail may not add to totals due to rounding.

Thanks goes to the Information and Publications staff, especially Bonita Dewiliby, Pam Blanton and Tabrisha Baker for layout, cover design and preparation for the printer. A very special thanks belongs to many offices on campus who worked closely with the Office of Institutional Research in supporting this effort including: Computer Services; Office of Business Affairs; Office for Development; Learning Resources Center; Andrews Center and Downtown Center.

A Message From the President

Santa Fe Community College has evolved, multiplied and prospered since its opening in 1966.

Our evolution is evident from the programs that have been created and changed to better serve the needs of our students and the citizens of our area.

We have multiplied from 81 faculty teaching 1,000 students in 1966 to 250 faculty, 12,000 credit students and 14,000 other students.

Our prosperity is measured by the success of our alumni. Roughly 30,000 graduates have been prepared by outstanding faculty to live more productive and socially responsible lives. This is a vital part of our mission.

For you to evaluate how well Santa Fe is fulfilling its mission, it is important that the college document its progress and the programs it has implemented. This factbook has the information necessary for a more complete understanding of Santa Fe Community College.

The factbook lets you know our enrollment and the kinds of students who comprise the institution. You can learn about our faculty, our programs and even how students fare after they leave Santa Fe.

We hope the factbook gives you a more complete picture of Santa Fe Community College. We welcome your interest in Santa Fe because it is your college.

Lawrence W. Tyree

Minor adjustments to the report to account for activities not allowed for FTE funding will cause the official total funded FTE to be slightly lower.

The report period is summer, fall, and spring terms. Summer term begins a new report year.
